

Company Profile

Delivering Integrated
Logistics Solutions Since
2009

Founder & CEO's Message

In a world that changes every day where supply chains are growing increasingly, complex we at SMI chose to be at the forefront of those who make a difference.

We did not begin our journey in search of opportunity, but with a drive to create solutions.

For more than **16** years, we have built a reputation rooted in trust and commitment.

We have distinguished ourselves by providing customs and logistics services at world-class standards, supporting a wide range of sectors.

We take pride in leading the way in exhibition, conference, and large-scale international event logistics, where we have been trusted success partners in exceptional occasions both locally and globally delivering temporary imports, transits, clearances, and transport operations with precision and efficiency.

These achievements align fully with Saudi Vision 2030, led by His Royal Highness Prince Mohammed bin Salman bin Abdulaziz Al Saud, Crown Prince and Prime Minister a vision that inspires us to aim higher and deepen our commitment to excellence, as we work to position the Kingdom as a global logistics hub.

We don't just provide shipping and clearance.

We consider every operation as an opportunity to empower our clients and fulfill our promise that:

"Logistics is not a burden it's a driver of success."

Our message doesn't stop at ports and airports it reaches everyone who believes that smart logistics can change the rules of the game.

Thank you to everyone who placed their trust in us and,
to every member of our team who makes a difference every day.
The best is yet to come, God willing.

Omar Al-Duwailah
SMI Logistics Company

About Us

SMI Logistics, founded on 18 March, 2009, by visionary Founder and CEO Omar Al-Duwailah, is a premier provider of logistics services across Saudi Arabia and the Middle East region.

Headquartered in Riyadh, we have expanded strategically to Jeddah, Dammam, and significant border gateways, positioning ourselves as a crucial partner in the region's logistics landscape.

At SMI Logistics, we leverage extensive local insights combined with international logistics standards to provide efficient, reliable, and seamless solutions tailored to each client's specific needs.

Aligned with Saudi Arabia's Vision 2030, we are committed to reinforcing the Kingdom's prominence as a global logistics hub through continuous investments in cutting-edge technology, skilled talent, and modern infrastructure.

Our strong affiliations with renowned global logistics networks, which enable us to execute logistics operations globally with unmatched reliability and efficiency.

Vision

To become the foremost logistics partner in the Middle East, playing an essential role in positioning Saudi Arabia at the heart of global logistics and commerce.

Mission

To deliver customized, innovative, and reliable logistics solutions that enhance our clients' operational efficiencies and business growth, ensuring exceptional service delivery through proactive customer care and technological advancement.
